Objektbeschreibung

Stylish 3-room (2-bedroom) penthouse apartment with a superb rooftop terrace and view in Berlin Mitte/Friedrichshain. Located next to two parks, this apartment enjoys the quietness and view onto green parks, yet is very close to the heart of the city.

The apartment features a large combined kitchen, dining and living room with 4 large windows making it a very bright space. The sleeping room includes a large double bed and a big dresser. You will enjoy working either in the living room or in the working room with a height-adjustable table.

Important: Furniture that you don't need could be moved out.

Upon request, the working room could be transformed into a 2nd sleeping room and the desk could be moved into the first sleeping room to make it a home-office working room during the day.

The absolute gems of this apartment are both the spacious balcony and the 120m² (1300 sqft) rooftop terrace.

Floor-heating and the fact that sunlight doesn't get blocked by any other building will make the apartment cozy year-round.
