Hand-drawn architectural floor plan of a 'MASSAGE-NATURHEILPRAXIS' (massage/natural healing practice). The plan shows a large central area with red diagonal hatching, divided into several rooms. At the top left is a 'NEUE TREPPE' (new staircase) with dimensions 15.5 x 8.9. To its right is a large room containing three 'WO/SCHL.' (work/sleeping) areas and a 'VIO/SCHL.3' area. Further right is a 'MASSAGE-NATURHEILPRAXIS' area with two 'WO/SCHL.2' areas and a 'FLUR 1' (corridor). At the bottom right is a kitchen ('KUCHE') with a sink and stove, and two 'DU/WC' (dormitory/toilet) areas. A central corridor ('FLUR 1') connects these areas. The plan includes numerous dimensions in meters and centimeters, as well as area calculations in square meters (e.g., 23.0 m² for the kitchen). The overall dimensions of the building are 22.36 meters by 6.335 meters.
